How to install nozzles

For Inflatables.

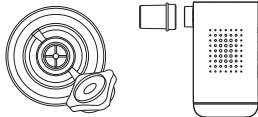

Choose a suitable nozzle when deflating and install it to top inlet (2).

Choose a suitable nozzle when inflating and install it to the side outlet (3).

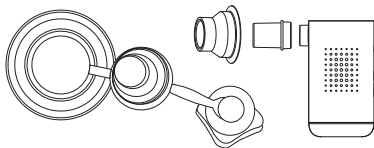

For equipment with double valve.

Open the first valve, and use the medium nozzle to inflate.

Open the second valve, and use the medium nozzle and the vacuum nozzle, which can quickly inflate.

Note: When using the small nozzle for inflation, the valve of swimming pool needs to be opened by the tip of small nozzle. Then it can inflate quickly.

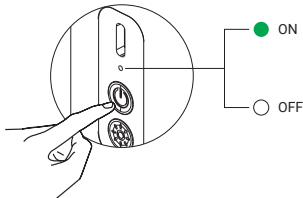

Small valve

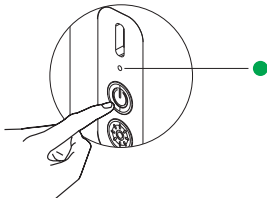

Use the tip of small nozzle to open valve of inflatables
